Best Gasket company in the Galaxy! Seriously!! Went to numerous gasket companies seeking help with small, but, VERY IMPORTANT, order for a vintage car project. With simple diagram and measurements, JTC went to work, MORE than reasonable price and got the final product IN A WEEK!

Absolutely ZERO reason to go anywhere else! The product was PERFECT! I have given the company info to a couple of mechanics I know and my daughter is doing a big online review, for me also, as she has numerous followers and reach! In short, I RARELY if EVER Review because I'm always disappointed. I wish there were SIX STARS! I'll definitely be back!

I recently did web searches for a custom gasket maker needed for vintage vehicle I'm rebuilding. I requested a number of quotes and availability and many replied I need too many or couldn't do it. Jay Turner Company member, Brad, replied and NOT ONLY would they do it, BUT, it was to start being made THAT DAY, and if I approved the quote, they would be back to me IN A WEEK! Not only was the Quote SUPERB, I needed two and then ordered FOUR just to have backups. Save yourself TIME, MONEY and frustrating replies and still have custom work done. Brad was courteous, helpful, replied quickly and took on the job without any "got to buy a 100+ or more to make it" nonsense! Moreover, the materials are numerous and I wanted premium VITON, which they had. Anyone needing gasket and sealing for any purpose I encourage you GO THERE FIRST. Get what you want and NEVER HAVE TO LOOK ELSEWHERE. I'll be back for my next project. AN EPIC company that ACTUALLY deserves everyone's support. My name is Turner but I have no connection to this company other than being a satisfied customer.
